Care 4 Children Residential Services Ltd

Monitoring visit

Inspected under the social care common inspection framework

Information about this children's home

This children's home provides care for up to four young people. The home specialises in caring for girls who have been subject to child sexual exploitation. A private company owns and operates this home.

A new manager has recently started in post and is in the process of registering with Ofsted.

Inspection date: 12 August 2020

This monitoring visit

The children's home was judged good at the full inspection on 18 to 19 November 2019. The effectiveness of leaders and managers was judged as requires improvement.

On 23 July 2020, Ofsted completed a monitoring inspection of the home in response to safeguarding concerns and incidents that occurred at the home.

The inspector identified a number of concerns at that inspection and a compliance notice under regulation 12 (protection of children standard) was issued.

At this current inspection, the inspector noted that significant progress has been made in relation to the compliance notice and this is considered met.

Managers have reviewed risk assessments to ensure that they provide sufficient and up-to-date guidance for staff. New risk assessments have been put in place where previously there were none.

Managers have put in place an action plan to address shortfalls in the home and are making progress in these areas.

A new manager has started in post who is working closely with the responsible individual to bring about improvements to the monitoring and oversight of the home.

Requirements will be reviewed at a future inspection.

Recommendations

- Children should be provided with appropriate furniture, such as a lockable cabinet or drawers to securely store personal items, including any personal information. Children should have separate bedrooms and should not share a bedroom with an adult. It may be appropriate for siblings of the same sex to share. Children should be given a choice about how their personal space is decorated in accordance with regulation 7(2)(a)(i). ('Guide to the children's homes regulations including the quality standards', page 16, paragraph 3.19)
- All managers working in a children's home must have the qualification in regulation 28(2) within the relevant timescales listed in regulation 28(3). All staff in a care role, including external agency or bank staff, must have the qualification in regulation 32(4) within the relevant timescale listed in regulation 32(5). The registered person may extend the time period if the member of staff hasn't worked in the role for a prolonged period, such as sick leave or maternity leave, or if it is not reasonable to expect the member of staff to complete in this timescale due to the nature of the hours they work. ('Guide to the children's homes regulations including the quality standards', page 53, paragraph 10.12)
- The registered person is responsible for maintaining good employment practice. They must ensure that recruitment safeguards children and minimises potential risks to them. ('Guide to the children's homes regulations including the quality standards', page 61, paragraph 13.1)
- When a child returns to the home after being missing from care or away from the home without permission, the responsible local authority must provide an opportunity for the child to have an independent return home interview. Homes should take account of information provided by such interviews when assessing risks and putting arrangements in place to protect each child. ('Guide to the children's homes regulations including the quality standards', page 45, paragraph 9.30)

Information about this inspection

The purpose of this visit was to monitor the action taken and the progress made by the children's home since its last Ofsted inspection.

This inspection was carried out under the Care Standards Act 2000.

Ofsted is aware of the challenges that COVID-19 (coronavirus) is currently posing to those we inspect. During this visit, the inspectors took into consideration the impact of any measures being taken to slow the spread of COVID-19 by the home. This has included the effect these have had on staffing arrangements.
