

Compliance action taken for childcare provision

Ref: 137765/6330868

Date: 21 April 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 9 February 2026, we received concerns that the provider was not meeting requirements relating to safety and suitability of premises, environment and equipment.

On 23 March 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 6 April 2026:

- ensure that the boiler in the pre-school room is inaccessible to children and free from obstruction

On 13 April 2026, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions, raised at their last regulatory event. We found that the provider had not met the action set in the welfare requirement notice. We have served another welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 24 April 2026:

- implement robust procedures to swiftly identify, manage and reduce risks to keep children safe

On 30 April 2026, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions, raised at their last regulatory event. We found that the provider had improved their risk assessment of the environment and had taken steps to remove hazards. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
