

Compliance action taken for childcare provision

Ref: 138232/6371092

Date: 30 April 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 April 2026, the provider notified us about matters relating to safety and suitability of premises, environment and equipment. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 23 April 2026, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 14 May 2026:

- ensure staff induction and training is effective, to help staff understand their roles and responsibilities relating to handling children appropriately to keep them safe
- record any occasion when physical intervention is used and inform parents of this as soon as possible
- keep an accurate record of accidents and injuries.

On 13 May 2026, the provider responded to the actions set. On 18 May 2026, we carried out a regulatory telephone call. The focus of the call was to check whether the provider had met the safeguarding and welfare actions raised at their last regulatory event. We found that the provider has improved their induction, training and supervision for staff to ensure that staff understand their roles and responsibilities on how to handle children appropriately to keep them safe. The provider has implemented effective procedures to ensure that staff record any occasion when physical intervention is used and inform parents of this as soon as possible. In addition, the provider has developed effective systems to ensure that accident and injury records are completed accurately as required. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
