

Compliance action taken for childcare provision

Ref: 140922/5836564

Date: 15 October 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundationstage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 24 September and 2 October 2024, the provider notified us about two incidents relating to the following requirements; safety and suitability of premises, environment and equipment, supporting and understanding children's behaviour, and safeguarding policies and procedures. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 10 October 2024, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 25 October 2024:

- maintain a record of any occasion where physical intervention is used and ensure parents and/or carers are informed on the same day, or as soon as reasonably practicable.

On 15 October 2024, the provider responded to the action set. We found that the provider had developed a template for recording the use of physical intervention and shared this with staff. They have also completed a report in relation to an historic incident. The information gathered suggests that the provider is now meeting the requirements of their registration. We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our

responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
