

Compliance action taken for childcare provision

Ref: 208303/6239467

Date: 23 January 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 5 December 2025, the provider notified us about matters relating to safeguarding policies and procedures, suitable people, staff: child ratios and changes that must be notified to Ofsted.

We suspended the provider's registration on 10 December 2025 because we believe children may be at risk of harm. Suspension allows time for the provider to take steps to reduce or eliminate the risk of harm to children. The provider has a right to appeal against a suspension. The provider may not provide childcare for which registration is required while the suspension is in place and may commit an offence if they do so.

On 7 January 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 26 January 2026:

- ¿ ensure that anybody who has regular contact with children is suitable
- ¿ gain knowledge and understanding of when and how to check any person's suitability who may have regular contact with children
- ¿ gain knowledge and understanding of what a significant event is, and when this must be notified to Ofsted
- ¿ ensure that all required information and records are held for any child in your care
- ¿ demonstrate a secure knowledge and understanding of what matters must be notified to Ofsted
- ¿ ensure that you have appropriate skills, knowledge and a clear understanding of roles and responsibilities in order to provide safe and high-quality early years provision.

We will monitor the provider's response to ensure the actions are successfully completed.

On 28 January 2026, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions, raised at their last regulatory event.

On 28 January 2026, we found that the provider had not met the actions set in the welfare requirement notice.

On 9 February 2026, the provider notified us of their wish to resign their registration. Consequently, we lifted the suspension to allow us to resign their registration. They are no longer a registered childcare provider.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
