

Compliance action taken for childcare provision

Ref: 219642/4928243

Date: 1 November 2021

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 14 October 2021, we received information that suggested the provider was not meeting a legal requirement. On 29 October 2021, we carried out a regulatory telephone call to the provider. We found the provider was not meeting a legal requirement. They had not notified Ofsted of a number of significant events that may have affected the suitability of persons in regular contact with children on the premises. The provider has now discussed this information with Ofsted. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
