

Compliance action taken for childcare provision

Ref: 228975/6230901

Date: 4 February 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 1 December 2025, the provider notified us about matters relating to, suitable people and staff: child ratios. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant events.

On 2 February 2026, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right.

A child had been left in the bathroom while others went for their lunch. This means the child was not within sight and/or hearing of staff, which is a breach in EYFS requirements. The provider conducted a thorough investigation and has taken action to minimise the risk of reoccurrence. Staff deployment has been reviewed to improve supervision of children within the nursery at all times. All staff have received refresher training regarding their roles relating to staff: child ratios, and the safe supervision of children, particularly during transition times. Leaders continue to monitor this practice across the nursery, to help ensure it remains effective in keeping children safe.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply

with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
