Wrottesley Care Limited

Monitoring visit

Inspected under the social care common inspection framework

Information about this children's home

A private company owns this home. It is registered to provide care and accommodation for up to three young people who may have social/or emotional difficulties.

The registered manager has been in post since January 2019. Currently, there is an interim manager in post covering the registered manager's maternity leave.

Inspection date: 19 March 2020

This monitoring visit

Ofsted judged the home to be 'requires improvement to be good' at the last full inspection, on 3 and 4 June 2019. An interim inspection took place on 1 November 2019, where the home was judged as 'declined in effectiveness'. Three compliance notices were issued.

Monitoring inspections were completed on 18 December 2019 and 6 February 2020 to review the action taken by the provider to meet the compliance notices raised. Compliance notices under regulation 12 and regulation 14 were not met.

At this monitoring inspection, which was conducted by telephone, the provider had made further progress in completing the steps detailed in the compliance notices. The manager had attended further training to help him understand his roles and responsibilities regarding child protection. Safeguarding notifications had been made in a timely manner to the correct professionals.

The manager had made progress in obtaining from the local authorities most of the key paperwork relating to young people. However, managers need to ensure that all staff who work at the home read all key paperwork, so they understand the needs of the young people.

Requirements will be reviewed at a later inspection.
