Summary of key findings

This provision does not meet requirements

There were no children in the early years age range present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no early years children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

What does the setting need to do to improve?

To meet the requirements of the early years foundation stage and Childcare Register the provider must:

	Due date
improve knowledge and understanding of how to deliver an effective curriculum to meet children's needs and stages of development, to promote good progress in their learning	07/01/2025
improve understanding of how to implement strategies that support children who speak English as an additional language to improve their communication and language skills	07/01/2025
improve knowledge and understanding of the role of the key person to tailor care and learning for each child so that their individual developmental needs are met	07/01/2025
ensure effective supervision for other adults in the setting is in place, to provide them with support, coaching, and training to promote their continuous improvement	07/01/2025

ensure that all required information and records are sufficiently organised, are easily accessible, and made available upon request.	07/01/2025
