

Compliance action taken for childcare provision

Ref: 2515376/5942467

Date: 19 February 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 28 January 2025, the provider notified us about a significant event. However, she did not do so within the timescale set out in the in the Statutory framework for the early years foundation stage.

On 19 February 2025, we carried out a regulatory phone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has strengthened their knowledge of when to notify Ofsted of any significant changes and/or events. The provider has also improved the way in which information is shared and exchanged to ensure confidentiality is maintained.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
