

Compliance action taken for childcare provision

Ref: 2518503/6391479

Date: 17 July 2026

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 12 May 2026, the provider notified us about matters relating to staff: child ratios, accident or injury and concerns about children's safety and welfare. The notification means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of a significant event where a child was out of sight and/or hearing of staff.

On 18 May 2026 and 2 July 2026, we received concerns that the provider was not meeting requirements relating to staff: child ratios, safeguarding policies and procedures, training and skills, risk assessment and information and record keeping.

On 8 July 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. Risk assessment procedures have been strengthened and staff have been trained to understand and implement them effectively. This has improved arrangements to ensure that children remain within sight and hearing at all times, including when moving between the nursery building and the outdoor play space. Leaders have strengthened staff training to ensure that accidents and incidents are managed appropriately, recorded accurately and communicated to parents and carers without delay.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
