

Compliance action taken for childcare provision

Ref: 2522405/5973331

Date: 14 March 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 3 March 2025, we received concerns that the provider was not meeting requirements relating to Safety and suitability of premises, environment and equipment, particularly accident and injury procedures. The provider also notified us about this. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 5 March 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out.

The provider will be able to give parents further information about this.

Actions needed by 27 March 2025:

- improve procedures for first aid to ensure all children's safety, maintain adequate records of any accidents and inform parents of this within a timely manner
- improve the key-person system to ensure staff communicate key information with each other and with parents and to ensure that all children receive care that is consistent and meets their individual needs
- ensure staff deploy themselves well to ensure all children are adequately supervised
- ensure all staff fully understand their roles and responsibilities and the key policies and procedures for the setting.

We will monitor the provider's response to ensure the actions are successfully completed. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
