

Compliance action taken for childcare provision

Ref: 2526043/6199818

Date: 15 July 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 5 May 2025, the provider notified us about matters relating to health. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted.

On 17 June 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right.

The provider has reviewed and strengthened lunchtime routines and risk assessments, supported by external expert advice. The provider has reviewed and revised its procedures for the preparation and serving of food. Additional controls and checks have been introduced to strengthen allergy management. These include enhanced checking processes during meal preparation and service, alongside increased management oversight. Senior staff now undertake regular spot checks to ensure consistent adherence to procedures. In addition, clear accountability has been established, with responsibility for serving food assigned to a single member of staff at mealtimes.

As a result, arrangements for managing children's dietary needs are now more robust. This helps to better safeguard children with allergies and ensures that all children receive food that is suitable and safe for their individual needs.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
