

Complaint about childcare provision

Ref: 2531926/6120316

Date: 18 November 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2.

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 01 August and 08 August 2025, we received concerns that the provider was not meeting requirements relating to concerns about children's safety and welfare.

In addition, on 18 September 2025, the provider notified us about matters relating to children's health. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 17 November 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has improved the procedures for administering prescription medication and all staff have been made aware this. This will help to ensure that children receive the correct medication, according to their requirements and prescription label instructions.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
