

Compliance action taken for childcare provision

Ref: 2546460/6126770

Date: 19 August 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at

[www.gov.uk/government/publications/early-years-foundation\[1\]stage-framework--2](https://www.gov.uk/government/publications/early-years-foundation-stage-framework). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 15 August 2025, the provider notified us about matters relating to child supervision, risk assessment, safety and suitability of premises, environment, and equipment. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider.

On 18 August 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider now completes robust risk assessments which have helped to improve the supervision of children. This enables children to move confidently and safely throughout the setting. The provider has also made the necessary changes to equipment and to the layout of the play area, both indoors and outdoors to ensure children play in a secure space, that is safe.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
