

Compliance action taken for childcare provision

Ref: 2565451/5828853

Date: 14 November 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 September 2024, we received concerns that the childminder was not meeting requirements relating to suitable people.

On 8 November 2024, we carried out a regulatory telephone call. We found the childminder was not meeting some of the requirements. We have issued actions for the provider to take.

The provider will be able to give parents further information about this.

Actions needed by 29 November 2024:

- implement effective systems to ensure that any assistants working with children are suitable for the role and competent to meet their responsibilities.

We will monitor the provider's response to ensure the action is successfully completed.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
