

Compliance action taken for childcare provision

Ref: 2570856/5964483

Date: 27 February 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20 February 2025, we received information as part of our general suitability checking procedures that indicated the provider was not meeting requirements relating to Information and record keeping, in this instance, regarding changes that must be notified to Ofsted.

On 25 February 2025, we carried out a regulatory visit. We found that the provider has not notified Ofsted of significant events, which is a requirement of registration. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
