

Compliance action taken for childcare provision

Ref: 258740/5728151

Date: 16 May 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 5 January 2024, the provider notified us of a significant event. However, the provider did not meet their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event within 14 days of when the event occurred.

On 16 May 2024, we carried out a telephone regulatory event with the provider. We are satisfied that the significant event had no impact on the children the provider cares for. In addition, the provider demonstrates they are fully aware of their responsibility to notify Ofsted within required timeframes.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
