

Compliance action taken for childcare provision

Ref: 2588418/5276095

Date: 24 November 2022

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 12 October 2022, the provider notified us of a change to those living at the address. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of such matters. However, it was established that they had failed to make this notification in the required timescale. Additionally, the provider had previously failed to ensure the suitability of the new household member.

On 4 November 2022, we carried out a regulatory visit. We found the provider had taken prompt and effective action to put these matters right. They had ensured all required checks had been completed to demonstrate the suitability of the new household member. Additionally, the provider demonstrated that they now fully understand their responsibility to notify Ofsted of changes to those living and/or working on the premises.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
