

Complaint about childcare provision

Ref: 2609191/6384967

Date: 15 May 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 5 May 2026, we received concerns that the provider was not meeting requirements relating to whistleblowing, risk assessment, and supervision of staff.

On 7 May 2026 we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 4 June 2026:

- implement and fully embed a robust whistleblowing policy and procedure which explains when and how staff must report concerns in a timely way.

We will monitor the provider's response to ensure the action is successfully completed. The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
