

Compliance action taken for childcare provision

Ref: 2619276/6375010

Date: 27 July 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 March the provider notified us about matters relating to children's safety and welfare. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of matters relating to the setting.

On 22 June 2026, we carried out a regulatory telephone call. We found the provider was not meeting one of the requirements. We have issued an action. The provider will be able to give parents further information about this.

Actions needed by 3 August 2026

- provider to ensure a deputy manager is in the setting, who is capable with the necessary skills and knowledge, to cover for the manager in their absence.

We will monitor the provider's response to ensure the action is successfully completed.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be
