

Complaint about childcare provision

Ref: 2620902/5794975

Date: 11 September 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 2 August 2024, we received concerns that the provider was not meeting requirements relating to Safety and suitability of premises, environment and equipment and Staff: child ratios.

On 10 September 2024, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. Risk assessments had not been effective in identifying hazards which posed a risk. The provider has updated their risk assessments and further introduced a strict no shoe policy for the younger baby room. This means that children will be effectively safeguard from any risks or hazards. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
