

Compliance action taken for childcare provision

Ref: 2621290/6111772

Date: 3 September 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundationstage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 28 July 2025, the provider notified us about matters relating to safeguarding policies and procedures and concerns about children's safety and welfare. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any allegations of serious harm or abuse by anyone living, working, or looking after children at the premises.

On 3 September 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take.

During the course of our enquiries, we also found that the provider had failed to notify Ofsted of changes to the registered company, which is a requirement of their registration.

Actions needed by 10 September 2025:

- submit appropriate documentation to enable Ofsted to complete suitability checks on individuals associated with the company
- ensure safeguarding policies and procedures are followed in the event of allegations of harm being made against staff.

The provider revisited their safeguarding policies and procedures and submitted the required documentation.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the

enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
