

Complaint about childcare provision

Ref: 2625258/6246677

Date: 17 February 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 December 2025 and 5 February 2026, we received concerns that the provider was not meeting requirements relating to health, safety and suitability of premises, environment and equipment, other legal duties and special educational needs.

On 12 February 2026, we carried out a regulatory visit. We found the provider was not meeting one of the requirements. We have issued an action for the provider to take within the timescales set out.

The provider will be able to give parents further information about this.

Actions needed by 12 March 2026:

- ensure the arrangements for children with special educational needs are sufficient to allow referrals to be completed in a timely manner.

On 19 February 2026, the provider responded to the action set. We found that the provider had improved their procedures to ensure all referrals are completed within a timely manner. Also additional staff have been trained to help support children with special educational needs. We are satisfied the provider has met the safeguarding and welfare action raised.

The provider is still registered with Ofsted.
