

Compliance action taken for childcare provision

Ref: 2648734/5753809

Date: 18 June 2024

Summary of outcome

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 12 June 2024, we received concerns that the childminder was not meeting some of these requirements. The childminder failed to notify Ofsted of a significant incident, which is a requirement of their registration.

On 18 June 2024, we completed a telephone regulatory event and found that the childminder now understands this requirement.

The childminder will be able to give parents further information about this.

The childminder is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
