

Compliance action taken for childcare provision

Ref: 2654390/6267399

Date: 26 February 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 7 January 2026, the provider notified us about matters relating to changes that must be notified to Ofsted. Specifically, any significant event which is likely to affect the suitability of the early years provider to look after children.

However, the event occurred 24 August 2025, which means the provider had failed to notify Ofsted of a significant event, without reasonable excuse, within the required time, which is a requirement of their registration. We have issued a warning letter to the provider. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
