

Compliance action taken for childcare provision

Ref: 2660136/6101998

Date: 12 September 2025

Summary of outcome

All early years childminders must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at <http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2>. If we find that a childminder is not meeting the requirements, we can take action to ensure they put matters right.

On 12 July 2025, the childminder notified us about matters relating to staff-to-child ratios, safety and suitability of premises, environment and equipment. The notification means that the childminder met their legal responsibility as set out in the statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 12 September 2025, we carried out a regulatory telephone call. We found the childminder was not meeting some of the requirements and had taken action to put this right. The childminder has strengthened risk assessment procedures to ensure children are adequately supervised at all times.

The childminder is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
