

Compliance action taken for childcare provision

Ref: 2675183/5834490

Date: 24 September 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundationstage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 23 September 2024, we received some information that the childminder was not meeting requirements relating to suitable people and information and record keeping.

On 24 September 2024, we carried out a regulatory telephone call with the childminder. During this call, we found the childminder was not meeting some of the requirements and had taken action to put this right. The childminder is now aware of what changes need to be notified to Ofsted to confirm that any assistants remain suitable to work with children.

The childminder will be able to give parents further information about this. The childminder is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
