Information about this children's home

This home is owned by a private company and provides care for up to three children. The provider states in its statement of purpose that care is provided for children who may experience social and emotional difficulties.

At the time of this visit, the registration of this home was suspended. Therefore, there were no children living in the home.

The post for a registered manager is vacant.

Inspection date: 31 October 2022

This monitoring visit

This home was judged inadequate at the full inspection on 20 and 21 September 2022. Social care inspectors identified serious concerns with safeguarding practices in the home and ineffective leadership and management. Following the inspection, a notice to suspend the registration of this home was issued on 21 September 2022.

During this visit, the inspector found that the home has complied with the suspension notice.

Following the suspension of the home's registration, one child living in the home moved out.

The directors have appointed a new responsible individual. The post for a registered manager is vacant. The responsible individual is in the process of recruiting a new manager, who is due to start in her role in the coming weeks. Following the last inspection, all the staff have resigned from their posts and recruitment is now ongoing.

The focus of this visit was to monitor and review the actions taken by the provider following the last inspection.

The home remains closed since the notice of suspension was issued.

Records must show that staff have been suitably vetted and assessed before working with the child in the home.

The registered person must ensure that— within 24 hours of the use of a measure of control, discipline or restraint in relation to a child in the home, a record is made which includes— the effectiveness and any consequences of the use of the measure; and within 48 hours of the use of the measure, the registered person, or a person who is authorised by the registered person to do so ("the authorised person")— has spoken to the user about the measure; and has signed the record to confirm it is accurate; and within 5 days of the use of the measure, the registered person or the authorised person adds to the record confirmation that they have spoken to the child about the measure. (Regulation 35 (1)(a)(b) (3)(a)(vii)(b)(i)(ii)(c)) This directly relates to ensuring that staff are trained in restraint practices. Additionally, there must be management oversight and evaluation of restraint records, and sufficient detail about the reason for the measure and the appropriateness of the actions taken.	4 November 2022

All records must be consistently signed and dated by the author. Furthermore, children's dates of admission must be correctly entered on the home's register.	
The registered person must ensure that an independent person visits the children's home at least once each month. The independent person must produce a report about a visit ("the independent person's report") which sets out, in particular, the independent person's opinion as to whether— children are effectively safeguarded; and the conduct of the home promotes children's well-being. The independent person must provide a copy of the independent person's report to— HMCI; upon request, the local authority for the area in which the home is located; the placing authorities of children; the registered provider and, if applicable, the registered manager; and the responsible individual (if one is nominated).
