

Compliance action taken for childcare provision

Ref: 2685055/6341311

Date: 4 June 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 23 March 2026, we received concerns that the provider was not meeting requirements relating to concerns about safeguarding policies and procedures, suitable people, qualifications, training, support and skills, supporting and understanding children's behaviour, accident or injury, information for parents and carers, complaints, staff: child ratios and changes that should be notified to Ofsted.

On 13 March 2026, the provider notified us about matters relating to the safeguarding policies and procedures, and suitable people. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider to look after children.

On 21 May 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider had reviewed the setting's safeguarding and respectful handling policies and procedures. All staff have completed updated respectful handling training, which includes procedures for recording accidents and injuries. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
