

Compliance action taken for childcare provision

Ref: 2686317/6004925

Date: 12 May 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 4 April 2025, the provider notified us of an incident that occurred at the setting. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events. The notification raised concerns relating to safeguarding policies and procedures, safeguarding training, training and skills, risk assessment, information for parents and carers, complaints, supporting and understanding children's behaviour and changes that must be notified.

On 7 May 2025 we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put these right. Leaders and staff have completed some reflection time on how to follow safeguarding policies and procedures effectively, and in particular dealing with allegations made against staff. Leaders and staff have completed appropriate safeguarding training. They now understand when they must contact the relevant authorities within an appropriate time scale regarding any allegations made against staff. Leaders have improved their knowledge and understanding of when to notify Ofsted within a timely manner of any significant events.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the

enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
