

Compliance action taken for childcare provision

Ref: 2687157/6338561

Date: 13 July 2026

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 19 March 2026, we received concerns that the provider was not meeting requirements relating to safety and suitability of premises, environment and equipment, safety on outings, health and safeguarding policies and procedures.

On 20 March 2026, the provider notified us about matters relating to the same requirements, suitable people, and other legal duties.

On 7 July 2026, we carried out a regulatory visit. We found that the provider had failed to notify Ofsted of a change to the premises which affected the space available to children and the quality of childcare available to them. The provider has improved their knowledge and understanding of reporting any changes to the premises to Ofsted moving forward.

Furthermore, during the visit, we found the provider was not meeting one of the requirements. We have issued an action for the provider to take. The provider will be able to give parents further information about this.

Action needed by 4 August 2026

- attend a designated lead safeguarding training course to keep up to date with safeguarding policies and procedures.

On 13 July 2026, the provider responded to the action set. We found that the provider has attended a designated safeguarding lead course to improve their knowledge and understanding of safeguarding policies and procedures.

We are satisfied the provider has met the safeguarding and welfare action raised.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
