

Compliance action taken for childcare provision

Ref: 2689913/6037737

Date: 6 June 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 12 May 2025, we received concerns that the provider was not meeting requirements relating to EYFS 3.76 risk assessments, 3.79 information and record keeping, 3.5 safeguarding policies and procedures.

On 22 May 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. Actions needed by 06 June 2025:

- ensure all staff understand and follow safeguarding policies and procedures, with a particular focus on keeping children safe when taking children to and from school
- ensure staff have the skills and knowledge to implement effective strategies to manage children's behaviour effectively
- implement effective risk assessments to keep children safe when eating
- ensure a suitably qualified manager is in post who has the skills and knowledge to have effective oversight of the provision and staff

We will monitor the provider's response to ensure the actions are successfully completed. The provider is still registered with Ofsted.

On 6 June 2025 we carried out a monitoring visit. We found that the provider had improved their knowledge and understanding of managing children's behaviour effectively. A new manager has been appointed to oversee the provision. All staff have undergone safeguarding training and re-visited the settings policies and procedures for walking children to and from school.

We are satisfied the provider has met the safeguarding and welfare actions raised. The

provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
