

Compliance action taken for childcare provision

Ref: 2692963/5676435

Date: 7 March 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 6 March 2024, following concerns being raised about the provider's co-childminder, we carried out a visit to the premises where childminding takes place. At this visit we found that the provider was not meeting one of the requirements. We have issued an action for the provider to take.

Action needed by 13 March 2024:

- ensure that the organisation of the premises and equipment meets children's needs.

On 12 March 2024, the provider responded to the action set. We found that the provider had reorganised the resources and premises to provide an enabling environment for children.

We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
