

Complaint about childcare provision

Ref: 2698760/6417497

Date: 20 July 2026

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage,' which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 2 June 2026, we received concerns that the provider was not meeting requirements relating to, safety and suitability of premises, environment and equipment.

On 4 and 19 June and 4 July 2026, the provider notified us about matters relating to safety and suitability of premises, environment and equipment, information and record keeping, health, suitable people, safeguarding policies and procedures, concerns about children safety and wellbeing and supporting and understanding children's behaviour. The notifications means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of significant events.

On 16 July 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has refreshed staff's behaviour management training. In addition, they have improved how they assess the impact of training provided.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
