

Compliance action taken for childcare provision

Ref: 2698839/6204043

Date: 3 March 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 6 November 2025, the provider notified us about matters relating to staff: child ratios and information about the childminder. The provider also notified us about matters relating to changes that must be notified to Ofsted. Specifically, any significant event which is likely to affect the suitability of the early years provider to look after children. However, the provider had failed to notify Ofsted of a significant event, without reasonable excuse, within the required time, which is a requirement of their registration. We have issued a warning letter to the provider.

On 13 January 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 27 January 2026.

obtain a reference for any assistant before they are recruited

ensure references provide the facts of any substantiated safeguarding concerns and/or allegations.

We will monitor the provider's response to ensure the actions are successfully completed. The provider is still registered with Ofsted.

On 27 January 2026, the provider responded to the actions set. We found that the provider had improved their recruitment procedures to obtain references for all assistants before they are recruited. Also, to ensure that any substantiated safeguarding concerns and/or allegations are included in a reference detail. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services

we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
