

Compliance action taken for childcare provision

Ref: 2699195/6283204

Date: 11 March 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 26 January 2026, the provider notified us about matters relating to safeguarding policy and procedures, risk assessment, changes that must be notified to Ofsted, other legal duties and whistleblowing. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 9 March 2026, we carried out a regulatory telephone call. We found the provider was not meeting one of the requirements. We issued an action for the provider to take. The provider will be able to give parents further information about this.

Action needed by 24 March 2026

- ensure supervision is robust and regular, to foster a culture of continual improvement, so that any identified needs are addressed as they arise and are supported effectively.

On 16 March 2026, the provider responded to the action set. We found that the provider has reviewed and strengthened their supervision processes. They have introduced regular one-to-one meetings with staff and have developed a robust process to record and monitor ongoing improvements. We are satisfied the provider has met the safeguarding and welfare action raised.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
