

Compliance action taken for childcare provision

Ref: 2703434/6378892

Date: 4 June 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 29 April 2026 and 14 May 2026, the provider notified us about matters relating to staff: child ratios, risk assessments and supporting and understanding children's behaviour. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 4 June 2026, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. They have reviewed and strengthened their risk assessments to ensure children are always within sight or hearing as they move around the nursery. They have provided additional staff training on risk assessments and increased leadership presence in the rooms to provide further support to staff. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
