

Compliance action taken for childcare provision

Ref: 2705768/6413415

Date: 10 July 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 9 July 2026, we carried out a regulatory telephone call. We identified concerns that the provider was not meeting some of the requirements relating to suitable people. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 14 July 2026:

- Provide Ofsted with accurate and up to date information about all committee members to enable the necessary suitability checks to be undertaken

On 13 July 2026, the provider responded to the action set. We found that the provider had provided up to date information about all committee members currently in their roles. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
