

Compliance action taken for childcare provision

Ref: 2707009/6186685

Date: 18 November 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 21 October 2025, the provider notified us about matters relating to safeguarding policies and procedures, concerns about children's safety and welfare, whistleblowing, and suitable people. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant incident.

On 18 November 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider had reviewed and ensured safeguarding policies and procedures were robust and contain up-to-date local safeguarding partnership contact details. This ensures any concerns relation to a children's safety and welfare can be raised with the relevant partnerships without delay. In addition, staff have been provided with additional safeguarding training, including whistleblowing. Leaders have put additional arrangements in place to be assured that staff's knowledge of safeguarding, and their roles and responsibilities, have been fully understood and retained. Furthermore, the supervision arrangements for staff have been reviewed and action taken to ensure these are effective and in place regularly.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
