

Compliance action taken for childcare provision

Ref: 2709321/6082360

Date: 21 August 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 2 July 2025, the provider notified us about matters relating to safeguarding policies and procedures. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 4 August 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider confirmed they have reviewed and improved staff deployment. In addition, they have provided support and coaching to staff on ensuring supervision of children and staff deployment meets the needs of all children. The provider will be able to give parents further information about this.

On 12 August 2025, the provider notified us about matters relating to staff: child ratios. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 20 August 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken some action to put this right. They have reviewed their policy for transitioning children outside to ensure all children are accounted for. We have also issued an action for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 3 September 2025:

- ensure all new staff receive robust induction training so that they fully understand their roles and responsibilities.

On 2 September 2025, the provider responded to the action set. We found that the provider had improved their induction process for all new staff. In addition, they have improved the communication within the leadership team to ensure all staff fully understand their roles and responsibilities. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
