

Compliance action taken for childcare provision

Ref: 2710812/6307162

Date: 20 March 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 February 2026, the provider notified us about matters relating to 'Whistleblowing.' The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 3 March 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. Actions needed by 17 March 2026:

- ensure fire doors are free of obstruction
- take steps to ensure that the premises are always secure so that unauthorised persons cannot gain access
- ensure that risk assessments are robust, and staff understand the importance of implementing actions to minimise or remove the risks effectively.
-

On 18 March 2026 we carried out a regulatory visit. We found that the provider had met the safeguarding and welfare actions raised at the last visit.

All fire doors are free of obstructions and staff have been reminded of the importance of keeping these clear.

The provider has addressed the security of the premises and made improvements to the external gate.

The risk assessments have been improved and shared with staff to ensure that they understand the importance of minimising or removing risks effectively.

On 18 March at the regulatory visit, the provider notified us about matters relating to accident or injury. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant incidents.

On 10 and 17 April 2026, we carried out regulatory telephone calls. We found the provider was not meeting some of the requirements and had taken action to put this right.

The provider has conducted a full investigation. They have also reviewed and improved their risk assessment processes to ensure that staff and children are not exposed to risk.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
