

Compliance action taken for childcare provision

Ref: 2710814/6357649

Date: 21 July 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 29 May 2026, we received concerns that the provider was not meeting requirements relating to health, supporting and understanding children's behaviour and safety and suitability of premises, environment and equipment.

On 7 and 27 April, 6 May and 2 July 2026, the provider notified us about matters relating to safeguarding policies and procedures, whistleblowing, staff: child ratios, health, supporting and understanding children's behaviour, supervision of staff and safety and suitability of premises, environment and equipment. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 13 July 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 24 July 2026:

- ensure that those who are designated to take the lead in safeguarding, have a secure knowledge and understanding of the procedures to follow when an allegation is made against a member of staff
- ensure there are effective procedures in place, that all leaders and staff know and understand, about who is responsible for checking that the food being provided meets each child's individual dietary needs
- ensure leaders provide all staff with an effective induction and ongoing training that supports them to continually improve
- ensure leaders have sufficient oversight of the setting to identify weaknesses in staff's practice, and provide regular and effective coaching and mentoring to help staff to fully understand their roles and responsibilities, while also supporting their wellbeing.

We will monitor the provider's response to ensure the actions are successfully completed.
The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
