

Compliance action taken for childcare provision

Ref: 2714103/6290600

Date: 19 March 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 30 January 2026, the provider notified us about matters relating to staff:child ratios, risk assessment and safety on outings. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider to look after children. In addition, on 24 February 20026, we received concerns that the provider was not meeting requirements relating to safeguarding policies and procedures, suitable people, supervision of staff, baby room, information for parents and carers, concerns about children's safety and welfare, supporting and understanding children's behaviour and special educational needs.

On 9 March 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 23 March 2026:

- ensure all staff understand how to identify and minimise any potential hazards for children and consistently implement risk assessments
- improve the deployment of staff to ensure that children are adequately supervised at all times to help keep them safe.

On 19 March 2026, the provider responded to the actions set. We found that the provider had worked with staff and improved their knowledge and understanding of managing risks. In addition, the provider has improved the deployment of staff across the setting to ensure children are adequately supervised at all times. We are satisfied the provider has met the safeguarding and welfare actions raised.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
