

Compliance action taken for childcare provision

Ref: 2725017/5718896

Date: 2 May 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 26 April 2024, we carried out an inspection and found the provider was not meeting some of these requirements.

The report and inspection outcome will be published in due course. Following the inspection we served a welfare requirements notice on 29 April 2024. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 16 May 2024:

- improve safeguarding knowledge to ensure the signs and symptoms that may indicate a child could be at risk of harm, in particular the signs that a child may be exposed to radicalisation and/ or extremism are quickly identified to keep children safe
- ensure the childminder understands who to contact if she has a concern about a child's welfare
- implement effective risk assessments to ensure that children are not at risk of harm from hot drinks both at the childminder's home and at external venues
- ensure the environment is clean and hygienic for children especially in relation to family pets

On 30 April 2024, the provider notified us of their wish to resign their registration. They are no longer a registered childcare provider.
