

Compliance action taken for childcare provision

Ref: 2725474/6085641

Date: 3 July 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 2 July 2025, we received concerns that the provider was not meeting requirements relating to changes that must be notified to Ofsted or the relevant childminder agency. This means the provider did not meet their legal responsibility to notify Ofsted as set out in the Statutory framework for the early years foundation stage. On 3 July 2025, we carried out a regulatory telephone call. We found the provider had not made a notification to Ofsted which is a requirement of her registration. The provider now has a more secure understanding of what she needs to notify Ofsted of.

The provider will be able to provide information to parents about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
