

Compliance action taken for childcare provision

Ref: 2739404/6360863

Date: 9 June 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 10 April 2026, the provider notified us about matters relating to staff: child ratios. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant incident.

On 8 June 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has taken steps to strengthen their procedures to ensure that children are always supervised and remain in sight and hearing. However, during this visit we found the provider was not meeting some of the requirements relating to the same incident. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 17 June 2026.

- take action to ensure concerns regarding children's safety and welfare are shared in line with local safeguarding partnership guidance

- implement a rigorous system for risk assessment and improve staff awareness on processes in place to ensure hazards are identified and managed effectively, so that children are not exposed to risks.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our

responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
