

Compliance action taken for childcare provision

Ref: 2740123/5806810

Date: 12 December 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 18 August 2024 and 2 September 2024, the provider notified us about matters relating to safety and suitability of premises, environment and equipment and health. The notifications mean that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider to look after children.

On 6 December 2024, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 20 December 2024:

- ensure an effective policy and procedure for administering medication is understood and implemented by staff
- put in place effective procedures to ensure all children's individual allergen and dietary requirements are understood by all staff and adhered to.

The provider has responded to the actions raised to confirm effective arrangements to support children's health and safety. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
