

Compliance action taken for childcare provision

Ref: 2743847/5888415

Date: 12 December 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20 November 2024, the provider notified us about suitable people. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted regarding suitable people.

On 27 November 2024, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 18 December 2024:

- improve your knowledge and understanding of safeguarding policy and procedures, to ensure children's welfare is protected in the event of an allegation
- ensure that immediate action is taken in line with the local safeguarding procedures to keep children safe, should concerns about children's safety and welfare arise.

On 16 December 2024, the provider responded to the actions set. On 4 February 2025, we carried out a further telephone regulatory call to discuss the provider's response to the actions set. We found that the provider has attended appropriate training and improved their knowledge and understanding of safeguarding policy and procedures, to ensure children's welfare is protected in the event of an allegation. In addition, they have improved their understanding of the importance of ensuring that immediate action is taken to keep children safe, should concerns about children's safety and welfare arise.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the

enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
