

Compliance action taken for childcare provision

Ref: 2757564/5730361

Date: 28 May 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 15 May 2024, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements in relation to food and drink and had taken action to put this right. They have reviewed their procedures in relation to managing children's allergies and provided staff training to help improve their knowledge. The provider now understands their responsibilities regarding notifying Ofsted of significant events. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
